ANNUAL GENERAL MEETING 20TH FEBRUARY

CLUB ADMINISTRATOR

In 2002, under the leadership of the then Chairman, Mike Ilsley, it was decided that with the progress made in the organisation of the club, it was time to employ an administrator. Isla Blasa rose to the challenge in streamlining the club's affairs and in the general, running of our events. She also helped to carry the burden of all the executive committee members, responsible for organising events. Bear in mind that all members serving on the committee have full time occupations and the assistance with bookings, general administration and dealing with all member enquiries, became a necessity. Whenever anyone makes an enquiry about the club, events advertised in the newsletter, etc. the administrator is the one who most likely answers the call. She also dealt with the post, website, advertising, sending e-mails, etc. and it soon became clear that she was an asset to the club. Once at a treasure hunt one of the questions regarding the club was: "Who is the most important person in the Club?" No doubt, it's Isla.

Now after 13 years of service, Isla decided it was time for a change. The unthinkable happened, she resigned. I admit that during the time I have served on the Executive Committee, since 2004, I thought many a time what will happen if Isla should resign. Disaster was the answer every time. She did much more than was expected and although she was supposed to be attending to the club's affairs on a half day basis, she was available almost always all of the time. I remember only once that she took real leave and someone stood in for her during her absence of a few months while travelling through east Africa.

One of the valuable, or shall I say priceless things about Isla, is that in an ever changing world, which includes the Executive Committee, she is the one who knows the basics and every so often at our meetings directs us back to it.

Isla will be missed and will leave a void which will require very big shoes to fill. Allow me to say thank you for your enthusiasm, efficiency and organising skills.

Herewith the requirements of the administrator's post as compiled by Isla herself and anyone who may be interested to pull on big boots, is welcome to contact Isla for more information and even to experience her work day with her before applying for the post.

To apply for this position, please send a brief cv to admin@lroc.org.za. Applications close end of business, Wednesday, 17 February 2016.

Please see page ? for a full job description.

LONG TRIP TO ANGOLA.

DATE: SEPTEMBER 2016

ORGANIZER: DAVE MORGAN

MOBILE: 0826900598

We are planning a 16 day trip through Angola in September, a three week trip overall from Gauteng. Our intentions are to explore the South West corner of Angola from Ruacana, up north towards Luanda and then back down along the Atlantic coast to the mouth of the Cunene River on the border with Namibia. In between we will explore many historical places and points of interest. Amongst the possible highlights will be the Leba Pass, a camp over at Flamingo Lodge, a drive along Doodsakker to Foz do Cunene and a drive back to Ruacana through the Iona National Park (Parque Nacional do Iona), the largest national park in Angola. Since there are limited camping facilities along the route we will be bush camping most of the time with maybe one or two more luxury camping stops where we can find them.

Based on the advice we have received we will have a guide throughout. Since we will be bush camping, and don't have to worry about accommodation costs, his cost will be the major cost which will be offset by the saving in accommodation. For those possibly concerned about the route to Foz do Cunene via Doodsakker there is an alternative route we can take. However when we asked our guide about how safe it was to travel Doodsakker his answer was "look at the sea on the day, it will tell you!"

This promises to be a great trip through an area of a country which is highly rated by overlanding enthusiasts. Numbers will be limited to a maximum of seven vehicles (excluding our guide). As there is so much to do and places to visit we would like to involve you in the planning of this trip, so if you are interested, please send an e-mail to Dave at dave@adva-ad.co.za. He will call a meeting of those interested to discuss dates, plans and costs at the end of February. If at the end of the day, the trip is oversubscribed it will be those who put down their name first who will have first option. So don't hesitate, put your name down now.

Please join us!

OPEN VEHICLE, CO-DRIVER, AND OTHER REGULATION CHANGES

Open Vehicles

The ban on open vehicles without approved roll-over bars has been lifted under certain conditions.

Due to safety issues, open vehicles without approved roll-over bars were banned from partaking in LROC events as per the **OFF-ROAD DRIVING SAFETY RULES AND REGULATIONS**:

- All open vehicles without a permanent roof or vehicles with removable fibreglass roofs must be fitted with a roll bar of at least 38 mm in diameter affixed in such a way that it in itself will not collapse in the event that a roll over occurs

This ban has now been lifted under the following conditions:

- Certain obstacles at trials and trails may be rated as "Safe for open vehicles" if the Clerk of Events deems the risk at such an obstacle low if driven in a "slow and safe" manner. Any driving style that is deemed by the Clerk of Events to fall outside this description will lead to the driver being disqualified from the event.

This concession is to enable owners of series and special vehicles to enjoy their Land Rovers in a safe environment.

Co-Drivers

Many participants in the club trials share vehicles, not all are blessed with more than one Land Rover. This does pose a problem though, in that the co-driver learns much about the obstacle before driving it for the first time as a driver, giving them perhaps an unfair advantage. To compensate for that, the following rules have been added:

- Any driver negotiating an obstacle for points in the driver's challenge, must pass through /over an obstacle for the first time for the points to count.
- Any driver may only be co-driver for a person that is not taking part in the driver's challenge
- Neither co-driver nor driver may have previous knowledge of an obstacle having driven or co-driven when crossing an obstacle for points in the driver's challenge.

This does mean that if you want to share a vehicle, you will have to take along a non-competing person to co-drive for you (he/she may still drive after you if not competing)

Training (Beginner) and Trialling (advanced) groups

In future, all participants will be divided into 2 groups: Training and Trialling according to their skill and readiness level. Anyone is welcome to participate in a LROC Drivers challenge. To be eligible to compete for the trophy, you have to be rated by the Clerk of Events as trial ready – "Trialling". Beginners and drivers that are still training, may participate, learn and practice without the added pressure of competition. They are encouraged to take as co-driver any of the "Trialling" drivers or "Trial Rated" members as mentors, whose input would be needed, as well as proving to the Clerk of Events that he/she is ready and capable to compete. Current members who are frequently trialling must simply speak to the Clerk of Events at the next event to have their status confirmed and recorded. Obstacles will also be rated as "Beginner friendly" or "Experienced Only" at trials and trails.

Loskop Away Weekend

The weather was cool throughout the weekend, making the drive at Diepkloof a pleasant one. Seekoeigat is still one of the best kept camping venues and judging by the number of inquiries it will not be a surprise if members return on their own in the near future. The facilities are great and the green lawns invite you to sit down and stay there!

Friday evening was spent around individual camp fires and by around 20:30 all were accounted for and we settled down and went to bed.

Saturday morning we left the camp in convoy via Groblersdal to meet with the farmer and our guide for the day at Diepkloof. Soon after our arrival it became evident that the owner is in the process of making improvements. All the roads have been cleared recently. A new dam has been build, still empty but for the very bottom. New roads have been open up on the mountain, resulting in a very confused guide – leading 14 vehicles into a cull de sac. Can you remember the last time you have done a reverse, almost for a kilo, in convoy and going down a mountain? The old dam in the river was under construction too, large construction tippers removed silt from the dam to restore it to its maximum capacity once more. Thus our usual spot for the lunch break was not available. The big tree is still there amidst the dust but the river is dry due to very low rain fall. On our way back down the mountain and not far from the farm's homestead, our guide managed to find a big shady area where we all enjoyed a lunch break.

We spent Saturday evening around a camp fire on the river bank, thanks to Gerrie Myburgh's drum.

Sunday was spent at leisure with some leaving the campsite late in the afternoon.

As per our custom, whenever we visit Diepkloof, we collect donations for the nearby old age home in Marble Hall, instead of paying fees for the drive and this time around, we collected R1 500.00.

BREAKFAST RUN AND TREE IDENTIFICATION TALK

Breakfast get together Groenkloof 13 December 2015

The last event of the year proved to be a very popular one. More than 25 Landy's from a Series 2 short wheel base to the latest Range Rover with a nice variety of Land Rovers in between arrived early for a relaxed morning in Groenkloof. Everybody settled in and a large circle of Land Rover owners soon started to make breakfast. Braai fires were started, others packed out the skottel braais and some opened up their picnic baskets. A member who has not been at an event for a very long time also decided to join us and he loved being with us. As a special treat Malcolm Timberlake the club secretary arranged for a tree expert to give a short practical talk on

indigenous tree identification. The tree huggers of the club found this a very helpful talk. I have never successfully been able to identify a tree in my field guide to trees book I purchased many years ago. A lot of the symbols in my tree book now make sense and this bit of education helps you to quickly identify the most prominent features of a tree. Some members just socialised under the shady area that we annexed and did not move much. Some more active members tried their skills at the 4 x4 route and others even took a short walk in the reserve. A few die hard members decided that lunch is also in order and stayed for longer while others left for home with a peaceful sense of nature on their minds.

Regards Alex van der Horst - LROC Treasurer.

BREAKFAST RUN TO DE WILDT

DRIVER TRAINING AND SUMMER TRIAL

Around 10 vehicles attended a very informative session, this was the best attended session the club has had in the recent couple of years. Jakob and Gerrie went through the teroy of how 4x4 drive trains operate which they followed up with a practical demonstration of the 4x4 features. After this each attendee had the opportunity to drive some obstacles which put many of these features into action in their own vehicles.

| ORGANISER: | DIRK UYS 082 417-1259 FRANCOIS FITZGERALD. |
| BOOKINGS: | NO BOOKINGS REQUIRED |
| COST: | R 50-00 PER ADULT R 30-00 PER CHILD (UNDER 13 YEARS) |

The Treasure Hunt is a fund raising event in aid of the South African Guide Dog Association.

Come and explore some interesting dirt roads and water crossings while practicing your navigational skills. The event will be GPS based with waypoints for the route being supplied at the start.

Please note that the start is at the Total Petroport N14 North (direction from Krugersdorp towards Pretoria). There is no connecting road between the Petroports therefore vehicles traveling from Pretoria need to drive past on the N14 till the R512 Lanseria turnoff ±4km past the Petroport, turning back towards the direction Pretoria. Keep safety in mind and do not make any illegal U-turns on the highway.

An entrance fee of R 50 per adult and R30 per child (under 13) is payable at the venue where the treasure hunt ends.

Fire for the braais will be supplied at the final destination.

NB: Remember your GPS!

ANNUAL GENERAL MEETING

| | |
|----------|---------------------------------|
| DATE: | SATURDAY 20 FEBRUARY 2016 |
| WHERE: | LAPA AT RIETVLEI NATURE RESERVE |
| TIME: | 14:30 FOR 15:00 |
| CONTACT: | ANY COMMITTEE MEMBER |

Please note that the 56th AGM will take place on the 20 February 2016. We are again using Rietvlei Nature Reserve just south of Pretoria. As this venue continues to be a hit, we have booked the lapa again. The facilities are great and there is enough parking available, and plenty of braai places. As is the established custom, the Club will be providing braai packs for all members attending. Regalia will also be on sale. Be sure to tell the person on duty at the gate that you will be attending the LROC AGM, and sign the attendance register at the gate, otherwise you will be charged entry fee. For those interested in a position on the committee please check nomination form at the end of this newsletter.

Minutes of the 2015 AGM, the 2016 agenda and 2015 financials as well as the proposed changes to the constitution are available on the website under News and Updates.

CAMPING – R100 PPPD & R140 PD FOR POWER.

All 4x4 trials are weather dependent. Wet conditions can turn an easy route into an impassable route. This is high mountain country (not always cell coverage) and it is best that vehicles move in convoy so that assistance is always available. Fuel will be a problem and routes including Barkley East should be taken. There will be limited diesel available in the resort. Always carry your camera as the views, light and weather can present incredible opportunities for some remarkable shots. Look out for Jackal Buzzards, Cape and Bearded Vultures, Rock Jumpers, Blue Crane, Pied Starling, the Black Harrier and Secretary Birds

Tiffindell have limited fly fishing rods and mountain bikes – pls bring your own if you have. There are many hiking trails and Mountain bike routes for those enthusiasts.

For detailed itinerary please contact the Club Administrator or Trevor on his e-mail address above.

TEMBE & NDUMO WORK PARTY & TEMBE FUND RAISER WEEKEND

DATE: WORK PARTY TEMBE & NDUMO 21 – 27 APRIL 2016
FUND RAISER WEEKEND 28 APRIL – 02 MAY 2016
WHERE: TEMBE ELEPHANT PARK, KZN & NDUMO RESERVE, KZN
TEAM LEADER: DICK DE BRUYN CELL: 083 3251026
BOOKINGS: ISLA BLASA - ADMINISTRATOR

We once again have the privilege of visiting this wonderful park. The Tembe Elephant Park is a reserve normally restricted to those staying in its private lodge. The KZN Wildlife Honorary Officers run six fundraising weekends at Tembe Elephant Park to raise funds for projects within the park. In the unique sand forest and grassland ecosystem of the Tembe National Elephant Park roam over 220 of the largest elephant in the world, the last remaining indigenous herd in KwaZulu-Natal.

This pristine wilderness, a proclaimed reserve on the old Ivory Route between Mozambique and the Zulu territory, also boasts the other members of the Big Five – lion, leopard, black and white rhino and buffalo – as well as over 340 bird species and abundant other mammal species right down to the tiny Suni, one of the smallest antelope in the world. Tembe offers an authentic Big Five experience in a national game park managed by the Tembe tribe, headed by Nkosi (Chief) Tembe.

For the fund raiser weekend, you will be camping at Ponweni camp, about 20km's into the park. The camp has open air showers, basins and toilets with a view. You will have access to self-drives through the entire park and a variety of other activities – further details will be provided on booking.

For the work party week at Tembe, three big projects have been allocated for this time period:

- The replacement of worn sections of both the support poles and electric fencing of the perimeter fence which is about 85 kilometres long.
- Replacing the shade netting around the boma which is used for the “import and export” of game to and from the park, and
- The installation of reserve water tanks in the park.

As a result, provision has been made for 24 club members to participate in the work party week. This means that 16 members will be accommodated at Ponweni camp (5 chalets and remainder camping) and 8 members at Makwela camp (4 rondavels only).

Due to the sandy environment at Tembe, no caravans are allowed into the reserve; only off road trailers are permitted.

2015 saw the first Ndumo work party week and although a project has been earmarked for the work party week this year, the project still needs to be finalised. As such we will take interim bookings for the work party for Ndumo and keep those booked informed as we receive further information. Accommodation will be camping at Ndumo.

Please also note that bookings need to be finalised with Tembe six weeks prior to the date of the event.

As minimum and maximum numbers apply for both the work party and the fund raiser, **bookings are essential.**

More details on the work parties will be provided on booking and as more information becomes available.

Accommodation costs for the Tembe fund raiser weekend are as follows (no discount for shorter stays):

- Self-catering chalets: R1 280 per person for the 4 nights
- Camping: R980 per person for the 4 nights

Children under 18 years of age get a 50% discount on the prices above
