COFFEE TABLE BOOK:

The focus of the book has become a live history of the club.

Requests for members to come forward voluntarily with more articles than those already submitted last year, has elicited no response.

It was agreed that Attie, Peter, Annie and I would approach various members directly with requests for input to the book.

The book layout is currently chronological, but this could change to an event based layout or even an author based layout depending upon the new articles that we hope to get.

Attie, Annie, Peter and I and any other interested parties will meet every two months to review updates and inputs.

Anyone with input or who is interested in joining the "Editing group" are requested to contact John Menasce (john.menasce@hatch.com).

BREAKFAST RUN – 11 DECEMBER 2016

The last event of the year was one of the best supported events of the year with more than 90 members, guests and children having breakfast together on a perfect Sunday morning. This type of event really seems to be a club favourite. Two convoy meeting points had to be arranged. One for the Pretoria and surrounds at Land Rover Centurion and the other at the Herford

Total for the Johannesburg based members. Malcom the club secretary did duty at the Hartford Total garage. I led the convoy from Land Rover Centurion's parking area. Land Rover Centurion gave us permission to meet and it is a safe and convenient spot to get ready for a convoy drive. All in I lost count at about 35 vehicles arriving at the Hartbeeshoek radio astronomy station. This was for a quick leg stretch and look around. Soon it was off to the Black Horse brewery in

Magaliesburg for breakfast. After breakfast some members left for home, some stayed to taste the wares produced by the brewery and others left for a drive over Breeds Nek pass. Breeds Nek was in good condition and so did not prove to be a challenge for the Land Rovers that went up to the top for a look see. The group split up again at the end of the pass and the "bitter einders" drove the Brauhaus am Damm brewery to see what they produce there. Soon it was the long drive home for the remainder of the convoy. So a full day out it ended and the event once again proved to be a fantastic way to meet new and socialise with current members.

Regards Alex van der Horst - LROC Treasurer.

DRIVER TRAINING - 21 JANUARY 2017 (MODULE 1: FUNDAMENTALS OF OFF-ROAD DRIVING)

On Saturday morning 21 January we completed our first driver training session for the year ie. Module 1: Fundamentals of off-road driving at the Rust de Winter off-road track north of Pretoria. Training commenced at about 09h00 and in total there were 11 vehicles and 16 trainees in attendance who were eager to improve their general off-roading skills and explore the capabilities of their vehicles – 4 were Defenders and the balance were a combination of Disco 1's to 4's. This module was presented by myself and Jakob Jordaan which started out with some theoretical training in the morning and ended with lots of practical driving later in the afternoon. Rust de Winter offers a large variety of off-road obstacles from axle twisters to side

slopes which made for very exciting training. The day ended at about 16h00 after the assessment and all attendees received their LROC attendance Certificates. Many thanks to those that attended and especially to Jakob for his assistance with presenting this module. As a side note, three of the trainees participated in the summer trial on Sunday - well done to them for completing *Module 2: Participation in Trials* the next day.

The new driver training schedule for 2017 is listed below. Make sure you slot in where applicable. Remember, to get your official **LROC Driver Training Certificate**, you need to complete modules 1, 2 and 3. Those that have completed the 3 modules will have their certificates presented to them at the upcoming LROC AGM. See you at the next training session!

TEMBE WORK PARTY – LIMITED TO 28 MEMBERS

Where: Tembe Elephant Park, KZN
Cost: **No cost, but definite commitment**
Team Leader: Dick de Bruyn Cell: 083 3251026
Bookings: Madelaine Zwaneveld - Administrator (062 926 3649/admin@lroc.org.za)

Note: Bookings need to be finalised with Tembe six weeks prior to the date of the event.

The Club has the privilege to again contribute to something worthwhile. Three big projects have been allocated to us for this time:

- The replacement of worn sections of both the support poles and electric fencing of the perimeter fence which is about 85 kilometres long.
- Replacing the shade netting around the boma, which is used for the "import and export" of game to and from the park, and
- The installation of reserve water tanks in the park.

As we are staying in a Big Five game reserve, we must be accompanied by Honorary Rangers (This is not a normal camp like you will find in other game parks with proper electrified fencing around them.)

Provision has been made for 28 club members to participate in the work party week. They will be accommodated at Ponweni camp (5 chalets and remainder camping) and at Makwela camp (4 rondavels only).

Due to the sandy environment at Tembe only off road trailers are permitted.

More details on the work parties will be provided on booking and as more information becomes available.

We need early commitment by members for the work week as sufficient Honorary Rangers must be arranged to accompany us. These people will all have to arrange their own leave from their place of work to enable them to do this trip.

Easter Weekend - Tembe Fundraiser – Limited to 20 Members

Date: 13 - 17 April 2017
Where: Tembe elephant park, KZN
Cost: Self-catering chalets - R1 400 p/p for 4 nights
Camping – R 1 060 p/p for 4 nights
Children under 18 years of age get 50% discount on prices above
Team Leader: Dick de Bruyn Cell: 083 3251026
Bookings: Madelaine Zwaneveld - Administrator (062 926 3649/admin@lroc.org.za)

**Note: Bookings need to be finalised with Tembe six weeks prior to the date of the event.
Booking will only be confirmed once full payment is received by the Club**

We once again have the privilege of visiting this wonderful park. The Tembe Elephant Park is a reserve normally restricted to those staying in its private lodge.

We have managed to move this weekend from winter to summer (and over a long weekend) to allow for warmer camping weather, 4 nights instead of 3 (as we are all travelling long distances) and most of all to have much more birdlife available (as many of them trek away during the winter months).

The KZN Wildlife Honorary Rangers run six fundraising weekends at Tembe Elephant Park to raise funds for projects within the park. They are dependent on the income from these fund raiser weekends. It is therefore of the utmost importance that LROC continues to support this annual event by sending the 20 members required as this will maximise their funding.

In the unique sand forest and grassland ecosystem of the Tembe National Elephant Park roam over 220 of the largest elephant in the world, the last remaining indigenous herd in KwaZulu-Natal. This pristine wilderness, a proclaimed reserve on the old Ivory Route between Mozambique and the Zulu territory, also boasts the other members of the Big Five – lion, leopard, black and white rhino and buffalo – as well as over 340 bird species and abundant other mammal species right down to the tiny Suni, one of the smallest antelope in the world. Tembe offers an authentic Big Five experience in a national game park managed by the Tembe tribe, headed by Nkosi (Chief) Tembe.

We will be camping at Ponweni camp, about 20km into the park. The camp has open air showers, basins and toilets with a view. We will have access to self-drive through the entire park and a variety of other activities – further details will be provided on booking.

SCRUTINEER

We used to have a scrutineer at our events and it's been a while now that the Clerk of Events attempted to fulfil this role as well, but as one can understand it wasn't always possible due to his duties on a trial event. This will not be a committee position but rather a dedicated member who takes responsibility for the scrutineering of all vehicles participating in our driving events, with technical knowledge and who will work with the Clerk of Events. If you know of some suitable candidate or want to make yourself available for this task, please contact me. Please note that the person has to attend a Committee meeting to enable the Executive Committee to make a decision.

TROPHY SECRETARY

Duties:

- To record all performances at Trial events
- To calculate annual performances and indicate annual winners etc
- To keep a record of all performances
- To administer, safekeep, engrave and maintain the clubs floating trophies and to purchase new trophies as required for events where no current trophies exist
-

CLERK OF EVENTS

As I come to end of my term, I invite all of you who are interested in the Clerk of Events position on the committee to contact me with questions or to discuss the possibilities on the phone or over a cup of coffee. A handover phase would be a bonus, but I will definitely help with the transition. Contact Leon on: cell: 082 8538 208 or email: events@lroc.org.za.

The incumbent will be responsible for:

- Organising trial events.
- Identifying and booking suitable venues for trials.
- Building the trial gates.

MEMBERSHIP SECRETARY

The duty of the Membership Secretary is

- To handle all matters concerning the introduction of prospective and new members and all administrative work concerning all types of membership.
- To administer the membership of the club, as applies to new members, existing members and other interested bodies

ASSISTANCE REQUIRED

Below are 2 photos of the Range rover that I sold on 2012/06/17 in Edenvale. The vehicle was never registered and now that I attempted to register my vehicle I was held responsible for the outstanding license fees.

Please could you distribute these photos amongst the members of your club and ask the new owner to contact me, I will either have to scrap the vehicle or declare it stolen so that I can get my own vehicle registered.

Thanks in advance
